

The Czech Republic

- Core of space activities in ESA, SMEs
- Drive to develop commercial cooperation – to sustain financing of R&D
- Worldwide business development – mainly by the Czech Space Alliance
- Aims to transfer technologies to non-space applications – Czech ESA BIC, Czech ESA Technology Transfer Broker

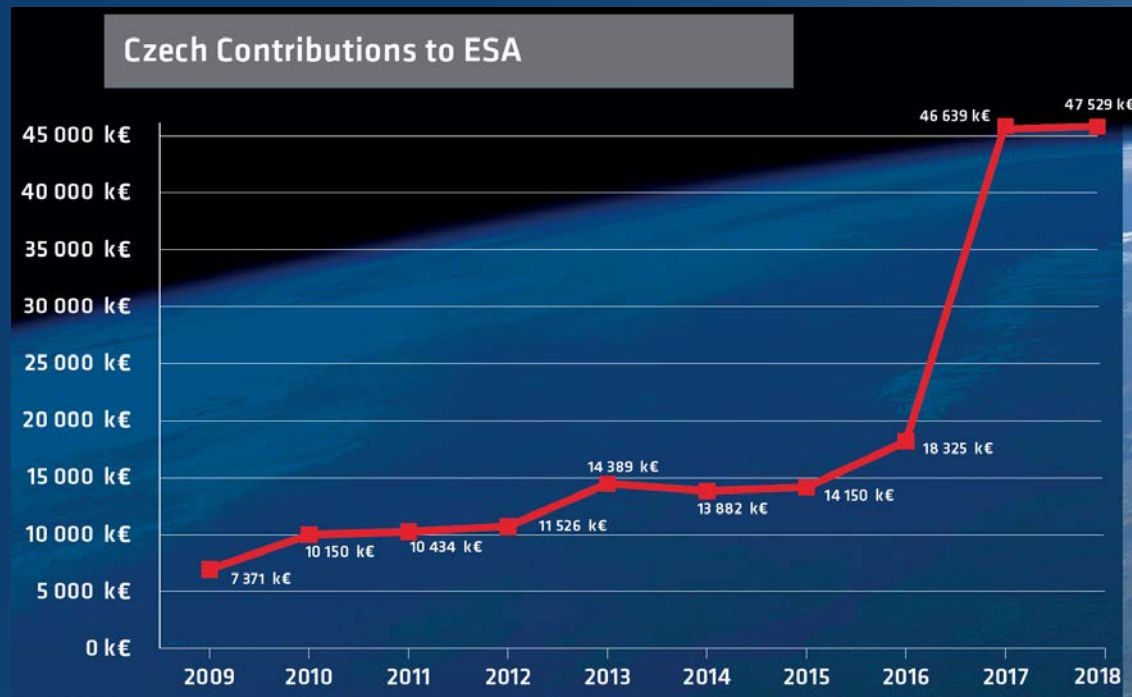

The Czech Republic

- In Asia so far - dialogue with Japan, UAE Thailand, Korea
- Some contacts in China, India
- First business in Japan, specific opportunity in Korea
- Perceived challenges to cooperation, especially for/by SMEs, on both sides

The Czech Republic in ESA

- As a result, ESA contribution up

CSA International relations
